## Research Methodology (5ER2036)

Filières concernées	Nombre d'heures	Validation	Crédits ECTS
<b>Master en sciences économiques, orientation politique économique</b>	<b>Cours: 2 ph</b>	<b>cont. continu</b>	<b>3</b>

ph=période hebdomadaire, pg=période globale, j=jour, dj=demi-jour, h=heure, min=minute

### Période d'enseignement:

- Semestre Printemps

### Equipe enseignante:

Prof. Stefano Puddu  
University of Neuchâtel  
Institute of Economic Research  
Pierre-à-Mazel 7  
2000 Neuchâtel  
tel. +41 32 718 1374  
email: [stefano.puddu@unine.ch](mailto:stefano.puddu@unine.ch)

### Objectifs:

Students should be aware of the major analytical techniques in modern empirical economics. They should know how to access and read research material, how to motivate a research question, how to address it empirically and how to write a research report.

### Contenu:

The first part of the course presents the major analytical techniques used in modern economics, their evolution through time and the related controversies. In the second part, students are grouped in teams of 2-3 to propose, conduct and present a short empirical research project

### Forme de l'évaluation:

Exercices (10%), project (50%), 2h written exam during the last lecture of the semester (40%)  
Retake exam: 2h written exam (100%)

### Documentation:

Part of the material (but not all) will be taken from the following textbook:  
Ethridge, D. (2005), Research Methodology in Applied Economics, Blackwell, Oxford.  
Other documents will be made available on the claroline website or at the library.

### Pré-requis:

None

### Forme de l'enseignement:

2 hours lectures
