Seminar integrative biology (3BL2190)

| Filières concernées | Nombre d'heures | Validation | Crédits ECTS |
|---------------------------|------------------------|----------------------------|--------------|
| Master en biologie | Séminaire: 3 ph | contrôle continu: 1 | 3 |

ph=période hebdomadaire, pg=période globale, j=jour, dj=demi-jour, h=heure, min=minute

Période d'enseignement:

- Semestre Automne

Equipe enseignante:

Prof. Felix Kessler
 Prof. Brigitte Mauch-Mani
 Prof. Jean-Marc Neuhaus (coordinator)
 Prof. Ted Turlings
 Dr. Emilie Demarsy

Objectifs:

To practice reading, presenting and discussing important articles in the field

Contenu:

Reading, presenting and discussing articles in the fields of signaling within and between organisms, detection and reaction mechanisms to these signals and their possible practical uses.

Forme de l'évaluation:

Each student will present one or a few articles. The grade will be based on the evaluation of this presentation. If the presentation is insufficient, the student will have to write a report on the same article(s).

Documentation:

Course program and papers to read will be placed on the Claroline server as course 3BL2190

Forme de l'enseignement:

Reading, presentation and discussion of important articles
