Behavioural ecology (3BL2208)

Filières concernées	Nombre d'heures	Validation	Crédits ECTS
Master en biologie (*)	Cours: 40 pg	Voir ci-dessous	12
Master en sciences cognitives	Cours: 3 ph	Voir ci-dessous	5

ph=période hebdomadaire, pg=période globale, j=jour, dj=demi-jour, h=heure, min=minute

Période d'enseignement:

- Semestre Printemps

Equipe enseignante

Prof Redouan Bshary and invited speakers

Contenu

Sessions with the prof and with invited speakers about specific topics in behavioural ecology

Forme de l'évaluation

CA graded combined with 2 other courses.

Research proposals submitted by students prior to each session will be marked. Furthermore, students have to provide a final research proposal of their choice (within animal behaviour). The deadline for submission to be evaluated for the June exam session is the 1st of June in any year, and the 20th of August of each year in order to be evaluated for the August-September exam session. Failure to do so will lead to failure of the first attempt. The deadline for submission in order to pass the second attempt will be 15.1. of the following year.

Documentation

PPT and pdfs on Claroline

Pré-requis

knowledge in behavioural ecology, statistics and experimental design

Forme de l'enseignement

A mixture between presentations, questioning, discussions and independent work

(*) Cette matière est combinée avec d'autres matières pour l'évaluation
