Topics in parasitology (3BL2226)

Filières concernées	Nombre d'heures	Validation	Crédits ECTS
Master en biologie	Cours: 30 pg	Voir ci-dessous	3

ph=période hebdomadaire, pg=période globale, j=jour, dj=demi-jour, h=heure, min=minute

Période d'enseignement:

- Semestre Printemps

Equipe enseignante

Jacob Koella

Contenu

Each week, we will discuss a chapter of the book Evolutionary Medicine, and you will write a short documents about the topic of the chapter.

Forme de l'évaluation

Continuous assesment graded.

(i) The written work will be graded. The grade will be a combination of (i) handing in the assignment (grade 4 per assignment) and the average grade of the best 4 assignments. (ii) I will give you questions at the end of the course that you will have to answer in writing. The overall grade is the average of the two.. Should a student fail, an oral exam will be organised before the fourth week of the next semester, at a date to be discussed.

Documentation

Evolutionary Medicine by Stephen C. Stearns and Ruslan Medzhitov. Available as ebook. Pdf files with selected papers will be available on Moodle.

Forme de l'enseignement

Discussions and writing assignments about selected chapters of the book Evolutionary Medicine and about scientific papers
