Période d'enseignement:

- Semestre Printemps

Equipe enseignante:

Prof. Fabrice Clément and collaborators

Objectifs:

This seminar will be dedicated to the phenomenon of "belief": what is a belief, how beliefs are acquired, do animals have beliefs, is it possible to acquire belief "at will", etc.

Contenu:

Each session will discuss a particular topic link with belief in different domains (philosophy, psychology, anthropology, etc...). Each participant will be responsible to present and discuss a text, with an active participation of all.

Forme de l'évaluation:

The evaluation consist of (a) an oral presentation, (b) an active participation during the seminar, (c) a commented bibliography on a topic first discussed with the professor.

Documentation:

The readings will be available on the Moodle page of the course.

Forme de l'enseignement:

Lectures, conferences and workshops.
