Contenu

- The research internship is geared toward students who wish to develop their theoretical knowledge and to acquire research skills in preparation for an academic career.
- Students who wish to follow a research internship first need to find a professor willing to supervise their project.
- Once they have found a research supervisor, they or their supervisor needs to contact the 'responsable de pilier' to make certain that the internship meets the required conditions.

Forme de l'évaluation

- The conditions of the internship, including the evaluation method, need to be pre-approved by the 'responsable de pilier'.
- We require a minimum of 4 to 6 weeks, or the equivalent of 150 hours of work.
