EXC Tropical forest ethology (3BL2294)

Filières concernées	Nombre d'heures	Validation	Crédits ECTS
Master en biologie	Excursion: 7 j	Voir ci-dessous	3

ph=période hebdomadaire, pg=période globale, j=jour, dj=demi-jour, h=heure, min=minute

Période d'enseignement:

- Semestre Printemps

Equipe enseignante

Klaus Zuberbühler and assistants

Contenu

This excursion is for students interested in getting hands-on experience with animal behaviour research in a Sub-Saharan tropical forest. The course gives you the opportunity to develop and pilot a research project in field biology as well as training from local experts. The course will be held at the Budongo Conservation Field Station (www.budongo.org) in Uganda, one of our main research sites.

Forme de l'évaluation

Poster

Modalités de rattrapage

to be agreed with course controller

Documentation

see moodle

Forme de l'enseignement

Student-led research projects conducted in small groups

Objectifs d'apprentissage

Au terme de la formation l'étudiant-e doit être capable de :

- Analyse
- Decide
- Act

Compétences transférables

- Practice
- Illustrate
- Arrange
